DIVORCE STORY DENIED

Sister of Former Wife of John Jacob Astor Says Reno Dispatch, Is Ridiculous.

New York, June 21.—Mrs. Madeline Force Astor Dick, widow of Colonel John Jacob Astor, who went down with the Titanic, and wife of William K. Dick, to marry whom, in 1916, she gave up a $5,000,000 trust fund created by her first husband for her benefit unless she remarried, is very indignant over the report from Reno, Nevada, that she has taken a residence in that city.

This information was given yesterday from the country home at Islip, Long Island, of the Dicks by a maid.

"She told me to say the report is not true," said the maid. She added the information that Mr. Dick was also at home.

Miss Catherine E. Force, Mrs. Dick's sister, characterized the Reno report as "ridiculous and malicious and untrue."

PREFERENCE TO COAL

I. C. C. Orders Carriers to Supply Cars to Mines Before Other Industries

Washington, June 21.—Railroads east of the Mississippi River at the direction of the Interstate Commerce Commission today entered on an attempt to relieve coal shortages existing in the East and notably in New England. The commission's order provides that railroads east of the Mississippi for thirty days shall give coal mines preference over all other industries in the supply of cars.

Another order issued Saturday by the commission and effective Thursday requires railroads in the Eastern and Southern territories to accord priority to coal consigned for shipment by water to New England or any other domestic destination. This order is to be effective until further orders by the commission.

NORMAL CONDITIONS AT POTOMAC YARDS

No Strike Talk Among Employees at These Yards

TIE UP IN BALTIMORE

Outlaw Walkout Without Warning or Expression of Complaint—About 700 Men Out

Officials at the Potomac railroad freight yards stated today that they do not anticipate any strike among the men at these yards. So far as they knew there had been no talk of a strike among the men they said.

Conditions at these yards are reported to be about normal today.

This morning there were only about 40 cars of perishable freight in the yards, all consigned to the north. Other freight in the yards today consists of not more than 150 cars, some northbound and some southbound. About 4000 cars are handled daily at these yards.

There are approximately 1,000 men employed at these yards and should all of the men walk out it would seriously cripple the yards. On several occasions before some of the men at these yards have gone out completely tying up the yards.

Baltimore, June 21.—An embargo has been placed on all freight east of Cumberland, Md., by the Baltimore and Ohio railroad. The strike situation has compelled the Pennsylvania railroad to issue an order barring everything except necessary food for human consumption, coal for public utilities and ice for hospitals in and around Baltimore.

Baltimore, Md., June 21.—Baltimore was hit by the new "outlaw" strike early yesterday and, it is claimed by the strikers, every freight yard in or around the city practically is paralyzed.

Up to a late hour last night about 700 yardmen had walked out, while all the road crews were still working and the railroad companies were able to maintain full passenger service.

Officials of the Pennsylvania Railroad admitted that half of their yard crews were out. Sunday always is a dull day.

Testing Barge Here

Will be Used by Alexandria Naval Torpedo Station

The U. S. torpedo testing barge No. 34 has arrived in this port to be used by the Alexandria Naval Torpedo Station, having made a record trip from Boston under the command of Captain Whycote, U. S. N. The vessel will be used by this plant for the rest of the year, and then leave for Piney Point to test torpedoes that will be manufactured at the local plant.

The boat has a crew of forty-five men and accommodations for its crew.

Although their are many residents in the city who would like to inspect the barge the captain of the boat has issued temporary orders that civilians be barred from the wharf because of a slight fire today aboard the ship, the cause of which is undetermined.

STOCKINGLESS WOMEN

Ocean City, N. J., June 21.—Captain Jernee, of the city's life guards, yesterday ordered off the beach a number of young women who appeared in bathing suits without stockings. It is Captain Jernee's purpose to keep the beach free from women and also men with scant bathing costumes.

THEN AND NOW

Present Day Prices and Those of Half Century Ago

Fifty years ago new Irish potatoes were selling at 20 to 25 cents per peck and $2 per bushel; onions 5 cents per bunch; cabbage, 3 to 6 cents per head; cherries, 5 cents per quart; June apples, 3 to 5 cents per quart; snap beans, 20 cents per half-peck and cucumbers 50 to 60 cents per dozen.

SPORTS

One of the fastest and most interesting games played here this season resulted in the nineteenth straight victory for the fast going Dreadnaughts over the Comanche Athletic Club of Washington: Score 5 to 3. The Comanches came over the river with an all star team, the following being the line up and the teams they were drawn from: Mack, catcher, Catholic University; Flynn, pitcher, Georgetown Preps; Deck, first base, Technical H. S.; Peterson, second base, Business H. S.; Goetz, shortstop, Business H. S.; Thompson, third base; Maryland State College; Marrison, Western H. S., left field; Steers, right field, Maryland State College; Haight, Central H. . center field. The fielding and batting of both clubs was good, the first part of the game the visitors getting the necessary "breaks of the game" that gave them the lead and threw a scare into the local players and their loyal rooters, but finally in the eighth inning the wearers of the big "D" put across the punch, hits by "Chief" Frazier, Jimmy Quayle, base on balls to Cornell and Dreifus and then the most pleasant sensation of the day. Rosy Hayden timely hit to center, scoring the winning runs and putting the game on ice. Jimmy Quayle twirled a steady game, allowing seven hits and fanning nine, being ably supported by his teammates. Cornell, played a great game, scoring two runs and getting on base everyttime at bat, three walks and a clean hit to right.

The work of Goetz, Peterson and Deck on the defense was above par, while Morrison, with three hits lead the sluggers. Flynn, who twirled for the losers, was about the best pitcher that has opposed the locals this season, the latter having quite a bit of difficulty in solving his southpaw slants.

Score by innings:

D. A. C.	0	0	0	0	1	0	0	4	x	—5 9 0
Comanches	0	1	0	0	0	1	0	1	0	—3 7 1

Batteries, D. A. C. Quayle and Cornell; C. A. C., Flynn and Mack.

VIRGINIANS ARE FOR SENATOR GLASS

Representatives Leave Richmond For San Francisco

MCADOO WITHDRAWAL

Third Term Talk Concerning President Wilson's Purpose Regarded as Assured.

Richmond, June 21.—This afternoon at one o'clock the Virginia delegation to the San Francisco convention left the Main Street station for the trip which will carry them across the continent. The party will travel in two special Pullman cars and will be seven days on the road, reaching San Francisco Sunday morning. Fifty reservations have been made for the two cars. There will be sixty or more delegates and alternates from this state, but several of these have already started on the trip.

Belief is that the convention will keep the delegates busy for at least five days, so that it will be Saturday morning before they can begin the journey back across the continent their the railroads are so operating their trains that the maximum of time possible will be given to those who want to go one way and come another.

It had been hoped that Senator Carter Glass would have been able to make the trip with the rest of the delegation, but as he is a member of the national committee as well as a delegate to the convention, he was compelled to make the start last week having been summoned to attend a meeting of the committee next Friday and at this time he is speeding to San Francisco. Virginians are warming up considerably over the nomination of Senator Glass for the presidency, taking fresh courage with the retirement of William G. McAdoo, who is reported to be ready and willing to throw his influence to the distinguished Virginian.

Among those who have already left for San Francisco, in addition to Senator Glass, are: R. L. Jeffreys and wife and daughter, Robert A. Russell, Robert J. Noell, former Congressman C. C. Carlin, Colonel John W. Williams and wife, Otho S. Evans and Arthur P. Coleman.

Here is a list of those who have started and others who will board the delegate special en route: State Chairman Rorer A. James, George E. Walker, B. R. Glasscock, Howard W. Smith, at Charlottesville; C. R. McCann, Charles Curry and Steven Timberlake, Staunton; M. D. Bailey, Basic City; M. R. Morgan, Clifton Forge; I. C. Boyd and wife, George C. Percy, H. G. Peters, J. M. Beatty, E. L. Kidd, and wife and W. S. Gray, Cincinnati, and C. W. Bondurant and wife, Colorado Springs.

Those expected to leave today from Richmond, and for whom reservations have been made, are: Governor Davis, Congressman H. D. Flood, Congressman E. E. Holland, S. Wilkins Matthews, E. I. Ford and wife, E. Frank Storey, J. T. Hanvey and wife, Dr. Emmerson Land, J. P. M. Joyce, Hiram M. Smith, Senator Julien Gunn, Haskins Hobson and wife, Senator James E. Cannon, J. E. Johnson, Marvin Smithey, Judge Timothy Rives, P. B. Halligan and daughter, C. S. Bennett, Senator M. B. Booker, H. A. Cox, Richard E. Byrd, George Carrington and Samuel T. Montague.

Washington, June 21. — Official Washington yesterday talked of nothing but the withdrawal of William Gibbs McAdoo for the presidency.

Assistant Secretary of the Treasury Jouett Shouse announced that he had received scores of telegrams from prominent McAdoo supporters indicating doubt as to how they should regard the unexpected announcement. Mr. Shouse replied to all these inquiries:

"The McAdoo withdrawal is absolute, unequivocal and final."

Senator Glass reiterated his statement that he is not a candidate, and declared he is for the nomination of McAdoo "first, last and all the time." He added that he expected to see McAdoo get the nomination.

Asked if he did not think the McAdoo announcement was a positive statement that he would not be a candidate, the Virginia Senator replied:

"I am familiar with his statement. I notice that he nowhere says that he will not accept the nomination if it is tendered him. I am for Mr. McAdoo, and I expect to see him win the nomination.

JONAH'S FATE A PARABLE

Cambridge, Mass., June 21.—President A. Lawrence Lowell, of Harvard University, in his baccalaureate sermon yesterday, taking the Biblical story of Jonah as his subject, said it was clear that this was a parable.

"The moral," he said, "is that of the man who becomes so intent upon the means of achieving his object that he mistakes the means for the end and by his passion for it blinds himself to the good he might have accomplished or perchance has actually attained.'

ISRAELITE IN THE PULPIT

A. C. Fellman, a Christian Hebrew, spoke in the Second Presbyterian Church last night on "Modern Day Zionism."

The attendance was small, owing to the heavy rain which was falling while the church bells were ringing, but those who braved the elements for the purpose of hearing Mr. Fellman were repaid for all the inconveniences they experienced going and coming.

The speaker's talk on "Zionism" was interesting from start to finish and all present realized it was good for them to have been there.

A familiar hymn was sung, the first verse of which is as follows:

We are watching, we are waiting,
For the bright prophetic day;
When the shadows, weary shadows,
From the world shall roll away.

Some one has truly said that when the great panorama of events which are to accompany the end of the present age is put in motion the church will be as greatly surprised and startled as the unthinking world We are living at a time when tremendous transitions are in evidence, and those who study the Bible closely are convinced that after an interval of nineteen centuries "the powers of the heaven are being shaken." The freeing of Palestine from the Turkish rule, under which the inhabitants have suffered for centuries, is an accomplishment which should be interesting to all who believe in the literal fulfillment of Scriptural forecasts.

"Jerusalem shall be trodden down until the times of the Gentiles be fulfilled" are the plain words of Him who knew whereof He spake, and the fact tha the cruel Turk is no longer master of the holy land, is attracting the attention of the thoughtful throughout the world.

It is seldom a member of the Abrahamic race appears in the pulpit of a Christian church, but when he does he brings a message which is likely to appeal to those who are watching the signs of the times.

The restoration of the Jews to the land of their fathers is forecasted in many places in both the Old and New Testaments and this movement, is believed, is to precede a much more interesting event—when the word of the Lord shall cover the earth as the waters covers the sea.

It is an interesting subject which, however, cannot be handled in a short newspaper article, nor in a brief address.

STATUS OF THE SLOT MACHINE

During the past few weeks a number of shopkeepers with others who operate pool rooms and places where soft drinks can be procured have been cited to appear in the Police Court and show cause why they should not be fined for allowing gambling on their premises. The operation of the slot machines in their places of business which, it is alleged, are used for gambling purposes, brought about the citations. The investigation of the devices as well as the admissions of thoe allowing them in their places of business made it clear to the court that slot machines, as generally operated, savored of gambling, and the accused were fined twenty dollars each under the city law. The defendants noted appeals to the Corporation Court, and that tribunal at the next term will be called upon to rule in the matter.

It is urged that slot machines are licensed, and while this is true it is with the understanding that persons who play them must receive an equivalent for the amounts they may place in them. This procedure, it is claimed, is not always in evidence.

Attorney General Armstrong, of Maryland, has decided that a slot machine which lures nickel after nickel from a person who hopes to win one or two checks that can be used in exchange for merchandise is a gambling device, despite the fact that with each nickel dropped a package of chewing gum is produced.

The Attorney General found the proposition a puzzling one, complicated to a certain extent by the fact that the company which intended to distribute 1,000 of them in Maryland produced legal opinions from Canada and other states which said they are not gambling machines. The matter was referred to the State legal department by Police Commissioner Gaither.

ULTIMATUM TO STRIKERS

Down in Louisiana last week the spirit of a Patrick Henry was reborn when Governor John M. Parker delivered an ultimatum to the striking union workers who left their jobs on the Industrial Canal public works at New Orleans, when he said:

"I make no appeal to you to go back. It is up to your individual views as to who wants to go back; but I am here to tell you with every earnestness in me that if organized labor wants to go back and go back as individuals as they have alwaye gone, get your men to report and go back to their work, and if they don't, so help me God, as Governor of Louisiana, I am going to do my utmost, under my oath, absolutely fearlessly.

"I feel that it is due you that I should make this statement frankly and squarely. I don't want to interfere, but I suggest that you do your own conferring and arrive at your own conclusion. I have arrived at mine.

"I would be unfit to be an American with the American blood flowing in my veins unless I stood for what I believed, and you know I am right. Every American has a right to stand for what he believes. If you don't want to work, I appeal to you—because I don't want to hurt any man—don't get in the way of Americans who do want to work and who are willing to work as Americans."

LEMONADE FOR WORKMEN

Negro workmen at the Danville gas plant sent word Saturday to the office of the superintendent that in the future they will expect not only ice water, but lemonade. In view of recent labor dissatisfaction the city authorities lost no time in purchasing lemons and the demand of the workmen is being complied with.

This brings to mind an incident in the recent history of Alexandria. Several years ago, before the dry era, when labor shortage was causing trouble in our city, the Alexandria Fertilizer and Chemical Company, in order to keep negroes at work furnished lager beer to the laborers.

WILL MUSTER 700 VOTES

Chicago, June 21.—Walker W. Vick, of New York, campaign manager for Governor E. I. Edwards, of New Jersey, in Chicago yesterday on his way to San Francisco, declared in a statement that there would be not less than 700 delegates in the approaching Democratic National Convention in favor of a modification of the Volstead act permitting the use of light wines and beers in such States as wish to do so, with State control of regulation under a general and liberal Federal act."

"Opposition to the eighteenth amendment is not today a political issue," Mr. Vick's statement said, "but the Volstead act is open to amendment, as has been pointed out by Governor Edwards and by such distinguished Republican authority as Senator Knox, of Pennsylvania.

"The Volstead act is so extreme that it has placed in the criminal class millions of women who make the home-grown fruit light wines for domestic use; millions of farmers who make and mature cider from their orchards. It places under a ban, millions of our citizens who for generations have regarded light wines and beers as much a part of their daily food as the bread upon their tables.

"Evil consequences have followed the enactment of this unwise and undemocratic law. Moonshining has grown twenty-fold. It has come down out of the mountains into the plains and even into the towns and cities. Disrespect of the law and the bribery of State and Federal agents of enforcement are everywhere in overwhelming evidence. In place of the harmless light wines and beers we have the increasing of the harmful liquors in illicit trade.

"The Democratic party is going to call a halt on this and rescue the country from the hands of a fanatical minority, whose numerical weakness is shown every time they attempt a separate fight. The platform will be clear, fundamentally Democratic, progressive, I hope brief, and will embody one sentiment which ought to be taught in every schoolhouse in the United States—that is, respect for the President of the United States."

SOFT COAL PROFITEERS

Palmer Says They Charge Up to $11 a Ton; Cost $2.79

Washington, June 21.—A drive on profiteers in bituminous coal was ordered last week by Attorney General Palmer.

All Federal District Attorneys were ordered to give special attention to charges of such profiteering and to seek indictment where investigation warranted.

"The Department of Justice," said Mr. Palmer's instructions, "is receiving a number of letters in which complaint is made that bituminous coal prices at the mines now range from 7 to $11 a ton, with a further increase imminent. The writers say that operators are attributing the advances in prices to car shortage and export demand, emphasis being placed upon the export demand.

"Production cost figures gathered by the Federal Trade Commission from 1589 bituminous coal operators in the principal production regions mining roughly about sixty per cent. of the annual output, show that during January, 1920, their costs per ton averaged $2.32 at the mines. Since then there has been ain increase of 27 per cent. in the cost of labor, enhancing the production cost to $2.79 per ton."

PLAN OF TAMMANY.

Movement to Be Directed Against Candidacy of W. G. McAdoo.

French Lick, Ind., June 21.—A fight against the Wilson administration in the Democratic convention in San Francisco will be led by the New York State delegation. Tammany intends to direct its first blow at the candidacy of William G. McAdoo, the President's son-in-law, it was indicated last night. Attorney General Palmer or Gov. Alfred E. Smith of New York will probably receive the support of the New York delegation in the opening ballots.

An entente cordiale has been established among Indiana, Illinois and Eastern State leaders, including New York. Tammany has reached a "gentlemen's agreement" with George Brennan, successor to Roger Sullivan and former Senator Thomas Taggart, who is committed to the candidacy of Vice President Marshall, will lend his aid. This group will insist on maintaining the two-thirds rule for nomination of party candidates, and will oppose the Bryan prohibition program.

POLES ROUT BOLSHEVIKI

Official Communique Reports 2 Reds Brigades Annihilated

Paris, June 21.—The repulse of important groupes of Bolsheviki on the River Tetereff, which flows into the Dneiper north of Kiev, is reported in an official Polish communique received here Friday afternoon. General Rydzmigly is in command of the Poles.

Further north, in the Bohruisk sector, the communique adds, the 15th and 86th Bolshevik infantry bridages were completely destroyed. After hand to hand fighting along the Beresina River all the Bolshevik attacks were repulsed.

KILLED BY LIGHTNING.

Pittsburgh, Pa., June 21.—Three men are believed to have been killed and the steel bridge over Chartier's Creek, between Pittsburgh and McKees Rocks, was torn to pieces when lightning struck a natural gas pipe on the structure early Friday.

Wreckage was scattered over a wide area and blocked the tracks of the Pittsburgh and Lake Erie Railroad for several hours.

The men were evidently on their way to work and had reached the middle of the bridge when the bolt struck. It ripped open the gas pipe for a considerable distance, and the bridge was blown to pieces as it was enveloped in flame.

Persons hastened to the spot, but could find no trace of the men. Search was at once instituted by the police, but the opinion was expressed that the men had been blown into the creek and drowned, even if they had escaped the force of the terrific explosion.

ITALIANS MASSACRED.

London, June 21.—Widespread movement to avenge the murder of Essad Pasha, Albanian leader, has broken out in various parts of Italy and Albania, according to dispatches from Belgrade.

Thousands of inhabitants of Tirana formed an organized mob, massacred 330 Italian prisoners and hauled twenty-four others out of a train at Krachar and put them to death.

CHINESE ATTACK CHURCH

American Legation Informed of Death of Rev. W. A. Reimert, Slain By Northern Forces

Pekin, June 21.1—The American legation here was informed today that General Chang hing Yao's northern troops in their retreat from Chang Sha, capital of Honann Province, attacked the Reformed Church mission at Yo how, fifty miles north of Chang Sha, and killed the Rev. W. A. Reimert.

Liling, on the Wu Chang-Chang Sha railway, southwest of Chang Sha, was attacked. The foreigners in the town escaped to Ping Siang.

The Rev. W. A. Reimert, who was killed in an attack on the Reformed Church mission at Yo Chow by Chinese northern troops, is believed by State Department officials to be an American, as a report from the legation at Peking today said one American missionary had been killed during the attack. The dispatch gave no details and the department has no information as to the Rev. Mr. Reimert.

WILSON TAKES OFFENSIVE.

Has Pointed Out Course Believes Democrats Should Follow.

Washington, June 21.—President Wilson has taken the offensive for his policies at the start of the presidential campaign, cabinet officers and administration senators say here. In Wilson's interview with the New York World, they said, he not only pointed out the course he believes the Democrats should follow in the presidential campaign, but he has thrown down the gage to his opponents in his own party..

Should this gage be taken up—should the Democrats at San Francisco "pussyfoot" on the league—Wilson has left hanging over from the possibility of his candidacy for a third term.

AMERICAN LEGION NEWS AND NOTES

Franklin D'Olier, National Commaner of the American Legion, will officially visit the Virginia Department of the ex service man's great national organization in Richmond on today and tomorrow, June 21 and 22, and will be received and entertained by the State Executive Committee and the Richmond Post. This visit, the first made by the National Commander to Virginia, is one of the first stops that will be made by him on a tour that will cover practically every section of the country, and which will carry him to the Pacific coast.

Accompanied by Mrs. D'Olier, the National Commander, who was a Colonel in the recent big fracas, will arrive in Richmond at 3 o'clock Monday afternoon from Washington, and will remain in that city until nine o'clock Tuesday night, when he will leave for Charleston, W. Va., to visit and inspect the West Virginia Department. Mr. D'Olier will bring with him a message of great importance to every ex service man, and the Virginia Department will afford him the opportunity of delivering that message.

Coincident with the visit of the executive, the State executive committee will hold its regular meeting on Monday, June 21st, the May conference having been postponed for that reason. This conference which will be held in conjunction with meetings of the committees from the First, Third and Fourth Congressional districts, representing about 30 posts, will open Monday morning, and will be continued that afternoon after the arrival of Mr. D'Olier.

That evening he will be the guest of the Virginia Department for dinner, the principal event coming later in the evening at the Gray's Armory, where the Women's Auxilary of the Richmond Post will give a dance from 9 until midnight for all ex service men and their lady friends, and it is there that the National Commander will deliver a short address to the men.

While the Women's Auxilary is entertaining Mrs. D'Olier with a reception Tuesday, the National Commander will be tendered a luncheon by the Richmond Chamber of Commerce at 1 o'clock. Later in the afternoon he will betaken on an automobile tour of the city, including numerous points of historic interest in and around Richmond, and in the evening he and Mres. D'Olier will be given supper at the country Club of Virginia by the Executive Committee of the Richmond Post. He will leave the city shortly afterwards.

Cleanest Way to Kill Insects

There are no disfiguring stains to reveal to visitors that you are combatting roaches or bed bugs when you spray Preventol. The Preventol method is also the easiest way of extermination, for all you do is to shoot the spray into cracks and crevices about the drainboard, under and around your sink, over pantry shelves and along the woodwork. Then the roaches run out and die before your eyes.

So do bed bugs when you spray Preventol over mattress, springs and bed. They cannot hide from Preventol's vapor. Preventol saves work and worry, for it kills 'em all. It protects you against disease and death by keeping your home rid of dangerous insects.

You will also find Preventol's spray an excellent disinfectant. It drives out flies and mosquitoes, destroys germs and overcomes odors.

Special combination Sprayer and Pint Can in handy box saves you money. $1.40 at your dealer's. Additional re-fill cans: Pint, 60c; Quart, $1.00; Half Gallon, $1.75.

VIRGINIA CAMPAIGN ON

Leedy And Harrison Plan Real Fight After Convention

Winchester, Va., June 21.—Six weeks of intensive campaigning have been begun by Representative T. W. Harrison, of Winchester, and Col. Robert F. Leedy, of Luray, for the Democratic nomination for Congress from the Seventh Virginia district. It is expected that the campaign will be prosecuted with the utmost vigor immediately following the San Francisco convention. The announcement from Washington last evening that the most important planks of the Virginia platform will probably be incorporated in the national platform, was greeted with satisfaction by Harrison men.

After the national convention declares the issues, it is the expectation that lines will be sharply drawn in the Harrison-Leedy contest. Just now the candidates are sparring for positions. Few personalities thus far have been engaged in. Colonel Leedy, however, in a speech at Gore, this county, a few nights ago, asserted that he was running for Congress 'without the consent of the Byrds and buzzards," and that "the Winchester Star was Judge Harrison's catechism."

Judge Harrison was for some years a law partner of Richard E. Byrd, of Winchester, and is being endorsed by the Star. Judge Harrison, in his formal announcement of his candidacy, declared at the outset:, "I have always been a Democrat, while my opponent has not been. He was a Republican during the period that Virginia suffered most from a debased electorate.

AMPHIDIANS IN THE MARKET

Frogs Among the Offerings in the City Market

The prevailing high prices of food essentials have resulted in the appearance of live frogs in the city market. A fish dealer had a large display in his window a few days ago.

These inhabitants of the marshes adjacent to the city have taken their place with terrapin, and housekeepers are afforded an opportunity of indulging in them as have the French these many years.

Frogs have ever been regarded hereabouts as edible, although their consumption heretofore has been confined to boys, who have caught them but have been generally compelled to cook them themselves, as their elders have been prone to reject the creatures placed upon the table.

It should be unnecessary to say that when frogs are in good condition, broiled and properly dressed they afford food fit for the gods. They are more delicate than chicken, and an artistic cook can prepare them in a manner to make them appeal to the connoisseur.

Frog hunting has been seldom indulged in, as stated above, save by boys, but now that they have appeared in market there is reason to believe certain parties will make a business of capturing the croakers and offering them for sale.

PRINCESS AT PHONE

Physicians Claim Girl's Death Due to Her Shocking Experience

Paris, June 21.—Princess Francesca Respiglios, seated on her bed in a room at the Ritz, telephone in hand at 3 o'clock on the morning of May 26 heard the shot with which her despairing rejected suitor Alfredo Allegretti, an Italian aviator, ended his life in a room at the adjoining Hotel du Rhin. The revelation was made today by Pierre, night porter at the Ritz in the course of the investigation into the death of the princess a week ago.

"I was dozing over the switchboard," said Pierre, "when suddenly there was a call. An excited man's voice demanded to speak to the princess on an extremely urgent matter.

"Convinced that it was an important call, I rang the princess, who was asleep in her room on the third floor. Listening in a few moments to be sure that communication was established, I heard the man say.

"'This is Alfredo. I just called to tell you I'm going to shoot myself.'

"The princess let out a piercing cry ,then said: 'Stop—don't be a fool!'

"The only answer was a shot, which was plainly heard over the wire. The princess hurried to the Hotel du Rhin, with only a cloak hastily thrown over her nightdress. She found the aviator dead on the floor, one hand still clutching the telephone."

The doctors who attended the princess were in complete ignorance of these circumstances. They expressed the belief today that the affair resulted in her nervous breakdown that caused death.

BATHER VIOLATES RULES

Thievish Wave Removed Bathing Suit At Sea, Man Learns on Shore

Revere Beach, Mass., June 21.—The first bathing disaster of the season here occurred yesterday when a big wave, in a single mighty rush swept a remarkably "skinny" bather right out of his much-too-large hired bathing suit. All the shrieks and general commotion that such a happening might be expected to cause followed.

The unexpectedly huge wave carried itsc victim shoreward and left him high and dry, in full view of thousands. He started toward the bathhouse, but saw the entrance choked with persons of both sexes. He halted. Then, faster than man was ever meant run, he plunged wildly into the sea, continuing until only his head was visible. Somebody produced a bath robe. and he came out.

"I'll die first" was his reply when a reporter asked his name.

Under present conditions our receipts of domestic coal are limited and prices are constantly changing.

We will be glad to enter orders; deliver the coal as promptly as we can secure it, and bill it to our customers on the basis of cost to us plus our usual gross margin, and this will have to be our policy at this time as everything indicates great uncertainty in the coal trade.

Our customers can be assured that we will do everything possible to keep the price as low as we are able to, consistent with quality, weight and service, and we shall be glad to have you entrust the business to us on this basis.

Richmond—"Shore Acres"

"Shore Acres," the immortal stage play of New England life that made James A. Herne famous the world over, will be the feature attraction at the Richmond Theatre, tonight. This unusual feature is a picturization of the celebrated stage drama which James A. Herne wrote, produced, and starred in throughout the civilized world. It is a superb picture of rural life in a sleepy New England village on the coast of Maine, and introduces Alice Lake as a star in her first starring vehicle. The management assures its patrons of unusual entertainment in this extraordinary feature which is a faithful picture of New England seacoast life, tense with stirring drama and tender pathos.

TWO KILLED IN RACE RIOT

Hundreds of Shots Exchanged in Pitched Battle in Chicago

Chicago, June 21.—Two men were killed and a patrolman was fatally wounded in a race riot here last night. The battle raged for more than an hour and hundreds of shots were exchanged. Quiet was reported after a heavy detail of police was rushed to the scene.

Chief of Police Garrity, who investigated the riot, said late last night he had been unable to determine definitely what started the trouble. One account said a negro radical had addressed a crowd of whites and negroes and was in the act of burning an American flag when white men interfered. Another account said several negroes were parading the street when a white man jeered.

Joseph P. Owen, the patrolman who was wounded, said the trouble had started when he reached the scene. He was felled by a bullet but could not tell who fired the shot. Other patrolmen who came to his assistance said there were two men dead in the street when they arrived. One of the dead was identified as R. L. Ross, a sailor from the Great Lakes Training Station. The other victim was Joseph White, a clerk.

At least a dozen persons were injured, according to the police, although their names were not secured. Several were negroes.

The scene of the riot was in the heart of Chicago's black belt where half a hundred lives were lost in a race riot last summer. Chief Garrity said he believed danger of a general uprising of negroes was over. Strong details of police will be kept on duty throughout the night, he said, and if necessary troops will be called

Pennsylvania Couple Now Regret They Used Fire Box for Bank

Shamokin, Pa., June 21.—Using a firebox of their kitchen range for a fireproof bank today cost Mr. and Mrs. Frederick Schweppenheiser, of North Berwick, $400 the savings of years.

Mr. and Mrs. Schweppenheiser Monday night were invited to take an automobile ride and placed the money in the front of the stove for safety from thieves. When they returned late they went to bed not thinking of the precious burden in the stove.

Yesterday morning a coal fire was built. After it was red hot, Mrs. Schweppinheiser had an unhappy thought. With a shriek she rushed to the stove and dumped the grate. A small ball of ingot like silver dropped with the hot coals. But the yellow back bills were gone up in smoke.

SLAYS SELF AND WIFE

West Orange, N. J., June 21.—"Papa was always mean to mamma," This simple statement from a 7-year old girl summed up all the police were able to learn in their investigation yesterday of the causes eading to a murder and suicide here last night. Newell Smith, 36 years old, shot and killed his wife, Margaret, 35, following an altercation in their homes and then sent a bullet through his own brain. While the tragedy was being enacted their three children, 3, 5 and 7 years of age, were at play.

FIVE DEAD IN RIOTS

American Included in List of Killed in Londonderry

London, June 21.—With five persons killed, including Edwin Price, an American, and at least ten seriously wounded, as a result of last night's rioting in Londonderry, Ireland, latest reports from the town last night said that bitter street fighting between Sinn Feiners and Unionists was continuing with hundreds of soldiers and police powerless to control the situation.

Looting is general on both sides. Incendiarism is progressing in various parts of the city. A group of Sinn Feiners made off with a fire engine which was engaged in fighting one of the blazes.

The central thoroughfares of the city were swept with bullets for four hours last night with the city completely in the grip of the fighting factions.

WATER 19 CENTS A GLASS

King Orders all Possible Aid be Given Poorer People Who Suffer

Madrid, June 211.—A peseta (19 cents) per glass is the price paid for drinking water in some parts of Madrid. Many hundreds found it impossible to reach faucets before the elapse of several hours. This was the result of the strike, which has tied up the public services.

King Alfonso late Saturday called the Minister of Public Works to the palace and insisted everything possible be done to relieve the needs of the poorer people. He was informed a thousand workmen were laboring and would labor throughout the night to restore the water supply, which it was hoped would be achieved by Monday.

WIFE BEHEADS MAN

Slays Him With Razor When She Finds Him in Another Woman's Home

Pittsburgh, Pa., June 21.—Finding her husband in the home of another woman last night, Mrs. Thomas Golovitch 27, of Plum Wayl, attacked him with a razor, the police say, and literally cut his head off. Golovitch, 35, was found in a pool of blood with his head hanging to his shoulders by a mere shred of flesh. Mrs. Golovitch was arrested, as were Mrs. Sophie Kuzlic, of Harrison street, in whose home the crime was committed. Peter Burkorac was held as a witness.

Police were summoned after Mrs. Golovitch had been seen to rush excitedly from the Kuzlic home and somebody screamed there had been a murder. Police Sergeant Albert J. J. Jones and Wagonman Louis Leibold following Mrs. Golovitch, found her in her own home. The razor with which the cutting had evidently been done was found in a stove, where Mrs. Golovitch is alleged to have hidden it.

SPARKLERS BURN CHILD

Girl Seriously Injured While Playing With Prohibited Fireworks

Philadelphia, June 21.—While playing with sparklers last night in front of her home, Irene Lecnitte, 6 years old, 2019 Miffin street, was badly burned on the body, face and arms and was taken to St. Agnes' Hospital in a serious condition. Shortly after a supper a party of children gathered in front of Leonitte's home and began playing with sparklers.

They waved them and with a good breeze from the northeast the sparklers presented a lively and fascinating appearance. Soon Irene's dress was on fire and the other children at first tried to beat it out with their hands, but their efforts seemed only to increase the blaze and in a few moments her entire dress was burning from head to foot. Frightened at the fire some of them ran for help while Irene's screams attracted a crowd and by the time rescuers extinguished the fire she was badly burned.

Police are endeavoring to find where the sparklers were purchased, their sale having been forbidden by the Department of Public Safety.
